Manju-

I wasn't involved in this renewal either.

Here is a copy of the agreement and the last amendment. According to Maggie, the license is perpetual although I didn't see anything in the agreement so stating. When you state that Gwen took care of the renewal last year, I assume you mean for support.

Yes, We would need SNMP research license for SNMP on VDX and SLX. Gwen took care of the renewal last year. We want to carry the same amendment to Extreme and also like to make sure it is for VDX, SLX OS on x86 and PPC. Please request folks to include me if they need more info.

Thanks

Hi Chris,

Here is what the description says on this TPPS agreement : 0207ELINUX - SOFTWARE SERVICE AGREEMENT ON INTELLECTUAL PROPERTY FOR A ONE YEAR PERIOD ON EMANATE®/LITE ON RED HAT LINUX ON PPC OR X86 PER AMENDMENT 5.

This was done for NOS and SLX last July'16 (covering from July'16 thru July'17) . I've copied Craig and Manju as I wasn't involved in last yr renewal.

Manju, Craig,  
Can you pl. provide the info Chris is looking for wrt this agreement.

Regards,  
Indhu

Linda,

First, I need to understand what Extreme wants to do with the SNMP Research software so I can have a conversation with my client. Brocade has a very broad license so there may be limitations on any assignment. But, I don't know that until I understand what Extreme intends to do with the software and discuss it with my client. Let me know when you are available to discuss how SNMP Research software will be used at Extreme.

Thanks,

Hi John,

Please send us the standard form SNMP uses for assignments for us to review.

If Extreme Networks is a current SNMP customer, is it possible to transfer the Brocade licenses over to the Extreme Networks agreement?

Thanks, Linda

**Subject:** Request to assign agreement

Jennifer and Larry,

I am counsel to SNMP Research International, Inc., which forwarded your request to assign the License Agreement between SNMP Research International, Inc. and Brocade Communications Systems, Inc. dated March 10, 2001, as amended on December 8, 2004, October 4, 2006, April 30, 2010, June 29, 2015, and June 30, 2015 ("Agreement"). I have reviewed the Agreement quickly and noticed that it is not assignable. SNMP Research International, Inc. has a standard form that it uses for all assignments. I need to understand more about this transaction and the SNMP Research International software that will be involved. I also noticed that the Brocade license is not a standard license agreement so I will definitely have to consult with my client after I understand the specifics to see how they want to proceed. I am available next week to discuss. Please let me know your availability.

Brocade, Broadcom, and Extreme Networks are all current customers of SNMP Research International, Inc. I look forward to working with you and we will get this resolved as quickly as possible. At this time SNMP Research International, Inc. does not consent to your request to assign the Agreement from Brocade to Extreme.
